We "CAN" Mother Nature's Best

ABOUT

In 1980, California Garden Brand was born from a simple idea, to supply the Far East and the Middle East with quality food products from California. Today we have over two hundred products processed in over twenty Countries around the World, and we celebrate our 34th year of innovation!

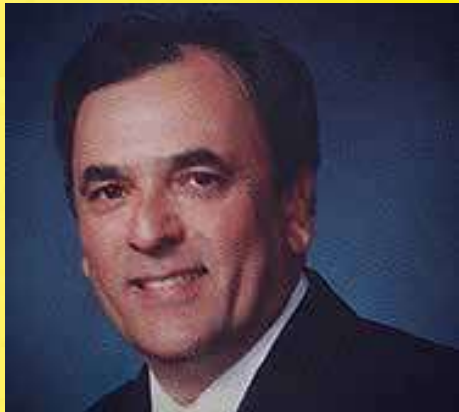

We have a simple philosophy: provide the consumer with quality products at reasonable prices. Our strength is innovation both in manufacturing and packaging. We are continually striving to create exciting new products that are "ready-to-eat" and yet fit the local customs and tastes. An example of one of our products is Fava Beans; we pioneered the creation of over ten flavors and recipes to fit the local tastes of the various Countries that we serve. Today we are the No. 1 Brand for Fava Beans in the World.

Our main plant is strategically located in Dubai, in the United Arab Emirates. Gulf Food Industries-California Garden, is a joint venture formed with Kuwait Food Company. This state-of-the-art facility is one of the most modern factories in the Middle East and produces millions of cases annually. We are the first company in the Middle East and Africa to manufacture white lacquered cans thus providing the consumer with rust free cans!

Our vision for California Garden brand is to become the most trusted brand of canned goods in the World. Today we are the market leader in the Middle East and our objective is to strengthen our position around the World. We have great respect for each and every consumer. Our goal is to provide consumers with the best food possible, not only great-tasting food but good for them as well!

Thank you for your support,

Fouad El-Abd
Felabd@californiagarden.com

FAVABEANS فول مدمس

PREMIUMQUALITY

California Garden brand offers a full line of canned beans to suit consumers wide-ranging needs and variable regional tastes. We have developed a full line of ready-to-eat Fava bean recipes to suit the local taste of the many Countries we serve. Because we pack only the finest beans, we are known in the marketplace for quality. We pack large-size chick peas, red kidneys, and a full range of other beans. The use of only white-lacquered cans enables us to seal in freshness. To ensure consistent quality we also manufacture our own cans!

VEGETABLES الخضروات

PREMIUMQUALITY

Only the best U.S. vegetables are processed and canned by California Garden. We start with premium quality raw materials and we carefully adhere to processing techniques that allow us to maintain that high quality. For example, our peas are processed and canned within 20 minutes of harvest, to ensure maximum taste and tenderness.
